I worked with Elena briefly as I was going through the dual-citizenship process. This is a complicated process (so many documents!) and Elena was thorough, professional and honest about what it was going to take for me to get to my goal. I highly recommend their services.

Hi Susanna, here is a review! Thanks so much for everything. Buon Natale!

Susanna was an absolute treasure along my entire journey of acquiring residency in Italy. I have no idea how I would have ever been able to accomplish what she did for me on my own. Always available, helpful, knowledgeable and kind, Susanna relieved so much stress in the process. I would 100% recommend Susanna to anyone who needs assistance with citizenship or residency in Italy.

I recently contacted FTIC and provided some information about my Italian Grandfather. I have to say Alessia was very responsive and wrote me a substantial letter explaining in detail why my situation was problematic given the current situation in Italian law. She also told me that my situation may resolve in my favor dependent on the outcome of some ongoing cases. All this work cost me nothing, and they have promised to get in touch with me if the situation changes. They are obviously very professional and easy to correspond with. Thanks Alessia, even though it didn't work out.
