Guidelines for Positive Online Behavior

During individual, pair, and group Italian lessons

Online Italian Classes

Nuts and bolts ⚙️

- Please try to avoid to attend with your smartphone: when the teacher shares her screen it will get hard to follow.
- We appreciate there might be inconveniences and exceptionally you might need to connect from your smartphone, in the car or in another unexpected place.
- For your own safety, please don't drive while you attend the class

Online Italian Classes

We behave politely 👨‍💻👨‍💻👩‍💻

- If possible, keep your video on to create a visual connection with others.
- If your environment is noisy, mute your microphone.
- Present yourself appropriately (do not eat in front of others, avoid showing disturbing images).

Online Italian Classes

We help create a calm and positive learning environment 🌈

We always maintain a respectful attitude towards the teacher and fellow students: avoid discriminatory comments, respect others' learning paths, and respect the teachers' personal and professional space.

We never know what others are going through in their lives.

Online Italian Classes

We respect speaking turns

If the teacher asks a question to a specific person, **give them time to think and answer**, even if you know the answer.

Online Italian Classes

We are not afraid of making mistakes

- Expressing our opinion in Italian can be challenging.
- Making mistakes is important for improving.
- This is an environment that welcomes mistakes.
- We want everyone to feel heard and respected.

Online Italian Classes

We embrace curiosity about diversity

Participants in this session may come from very different places and experiences.

Our shared love for Italian unites us.

Let’s focus on **what brings us together**, not on what divides us.

Online Italian Classes

Submit homework on time

If the teacher assigns homework,

try to meet the deadlines.

It's okay if you can't complete it.

If you do complete it, **submit it early** so the teacher can correct it on time.

Online Italian Classes

Thank you for your collaboration
